

**The Feyan Energetic Wisdom Weal**  
**Workshop Series**  
*The 2017/2018 Energy Cycle*

Consisting of a series of three face to face workshops and two three week online Workshops this combines meditation on the Summer Solstice (With a Winter Solstice Component added for the online course), A full Lunar Eclipse Meditation and a Full Solar Eclipse Meditation. This powerful shift in the energy cycle is a time that is great to harness in order to bring your full potential out and make the most of this fifth dimensional shift.

A great chance to align yourself with this energy, These fully guided workshop meditations will allow you to gain an insight into how these greater realities, still settling in, will benefit you. Limited to six each class, this allows good face to face communication and discussion to learn from the group and learn from each other as much as your own experience.

**Cost Face to Face - \$90.00 including catering.**
